1. Introduction

This policy plan sets out the objectives for Stichting SeriousFun Children's Network, Europe.

Stichting SeriousFun Children's Network, Europe ('Stichting SeriousFun') was established on November 3rd, 2010 as a Dutch charity foundation, with its seat in the municipality of Amsterdam. In addition, there are fourteen SeriousFun Partner Programs located in Africa, Asia, and the Caribbean that are eligible for foundation support.

3. Purpose and mission

Stichting SeriousFun Children's Network, Europe, has been established to provide support for SeriousFun fundraising initiatives in Europe, with a goal of increasing financial resources available for SeriousFun Children's Network Camps and Programs outside of the United States. This supports the network mission, which is to:

“Create opportunities for children and their families to reach beyond serious illness and discover joy, confidence and a new world of possibilities, always free of charge.”

The foundation aspires to attain said purpose by:

- a. Organizing and managing fundraising for the European and Israeli SeriousFun Children's Network Camps, and international SeriousFun Partner Programs;
- b. Acting as a central point for European donors of the SeriousFun Children's Network Camps, and SeriousFun Partner Programs;
- c. Providing funding for Therapeutic Recreation programmes as a psychosocial intervention for children and teenagers from 7 to 17 years, and their families, who are dealing with serious illnesses and disabling conditions. These activity-based programmes are designed to assist in remediation and/or rehabilitation in order to improve functioning and independence and to reduce or eliminate the psychosocial effects of serious illness or disability. All camp programmes are child-centred, inclusive, goal-oriented and self-determining with the intention of increasing resilience, self-esteem and social skills;
- d. Provision of support in the development of international volunteer recruitment and exchange programmes and the development of innovative practices in the selection, training and recognition of volunteers by and between member camps located in Europe;
- e. Active participation of member camps and programs located outside of the United States in networks and alliances of non-profit organizations which share similar visions and missions, as a means of enhancing its ability to accomplish its mission and goals;
- f. Coordination of the development of SeriousFun Children's Network European Camps and international programs as centres of innovation and knowledge-building through the provision of resources to member camps for the professional development of camp staff in the form of mentoring, staff exchange programmes, the adoption and implementation of best practices and professional conferences.

The focus of the foundation is international.
